- HopeLink
  - Julian Greer, Center Manager

- Partner Team
King County

Communities of Opportunity

May 2018 through April 2020

A Supportive Community for All is funded through a

Project Funding
A Supportive Community For All will strengthen community connections by building an inclusive coalition of service providers + key community stakeholders around a shared vision of coordinated human services across Snoqualmie Valley.

Focus is on decreasing inequities in housing, health, economic opportunity and social connectedness through the coordinated delivery of human services.
Shared Purpose

Purpose - A Supportive Community for All

Strengthen Community Connections by building an inclusive coalition of service providers and key community stakeholders around a shared vision of coordinated human services across Snoqualmie Valley.
conections and make them resilient

We are connected: We aim to build strong community

service organizations work together in the Valley

We are transformative: We seek to reshape how human

necessary to tackle complex issues

We are collaborative: We believe collaboration is

believe diversity will improve our outcomes

We are inclusive: We value different perspectives and

Shared Values: Our success in realizing our shared purpose

depends on our shared values

**PROJECT DELIVERABLES**
The Work Group is comprised of 24 members and our 5 other community members

Providers of Human Services
Users of Human Services
Partner Team members
City/Government Community
Business Community
Faith-based Community

Goal: To build the Work Group's capacity to lead an adaptive campaign
All perspectives are valid. All perspectives are partial.

WHY?
SMART PERSON

LEARNING SYSTEM

ADAPTIVE CAMPAIGNS

Technical Problems

Have known solutions that can be implemented with current know-how and existing authority.

Adaptive Challenges

Can only be addressed through changes in people’s priorities, beliefs, habits, and loyalties.
System Analysis: Inequitable
Goal is to reach all populations in the Valley paying close attention to the following subgroups:

- Latino community
- Homeless residents
- Seniors
- Youth
- Residents with lower incomes
- Families with children

Support the Work Group's decision-making
Provide more context to the survey results
To reach people who may not respond to an online survey

Purpose
Rapid Prototyping

GATHER
Observe input through observation, listening or research

SYNTHESIZE
Decide on what the next steps are to get to "learn" or "ready"

MAKE
Make a design artifact e.g. sketch, flowchart, prototype

SHOW
Share the artifact with people through appropriate channels
Process: Community Engagement and Rapid Prototyping

Goal: Develop actionable plans for closing those gaps that can be leveraged for additional funding.

Phase 2: Impact Groups

Using the gaps identified in the community needs, priorities and Impact Groups will be formed around those top needs.
1. Seeking your input and sharing information
2. Providing subject matter expertise to Impact Groups
3. Breaking down barriers and advocating
1. What are your initial thoughts?

2. What are your hopes for this project?
