Snoqualmie Valley

TRANSPORTATION COALITION

Who we are: We are a group of Snoqualmie Valley Cities, health care providers, human services organizations, non-profits, and riders who meet bi-monthly to focus on transportation-related issues, and how to solve them.

Our vision: The Snoqualmie Valley Transportation Coalition (SVTC) believes that affordable, accessible, and collaborative transportation is a necessity for life and are dedicated to connecting communities to improve transportation for all of Snoqualmie Valley.

Why does this matter? Transportation is vitally important, especially in rural areas, where transportation can mean the difference between isolation and access to your community, getting to a doctor, keeping a job, going to school, or seeing your friends and family.

In 2017, 82.9% of individuals surveyed in Snoqualmie Valley felt the current public transportation system did NOT meet their needs. We want to make sure no one gets left behind.

What we're doing about it: Increasing transportation services, providing education and awareness, developing a comprehensive and coordinated Transportation Plan, finding sustainable funding, and improving transportation for those most in need.

-
- SVTC 2018 Highlights
 - Coalition partners raised over \$100,000 for the Duvall Monroe Shuttle. “This cross-county service was launched in August 2018 and significantly reduced transit travel time between Duvall and Monroe.” It’s the first cross-county transportation project and is helping to support thinking of the Valley regionally.
 - SVTC video project where we created short videos highlighting the work the coalition does, existing transportation services, and transportation gaps. For this effort we partnered with Hyde Shuttle, Snoqualmie Valley Transportation, Duvall Community Van, and local residents.
 - SVTC 2019 Effort: 5 Year Transportation Plan
 - To create a coordinated transportation plan *uniting* all cities in Snoqualmie Valley and the surrounding region.
 - Community Engagement: open to the community though we plan to target individuals and groups not represented in existing data.
 - Online and in-person survey to understand the high priority transportation needs over the next five years.
 - Upcoming dates for community engagement:

- May 14th North Bend Public Safety Committee Meeting Presentation
- May 23rd Encompass Resource Fair
- May 29th Snoqualmie Valley Governance Association presentation
- June 26th Snoqualmie Food Bank Resource Fair
- Community Conversations / Open Houses are TBD in August and September
- Listening Sessions
 - Trail Youth in North Bend
 - Monroe Locations: St. Mary's Catholic Church, Medical Center, Chamber of Commerce

Turn your insight into action by joining the Snoqualmie Valley Transportation Coalition and invite other interested folks to join as well. The more diversity we have at the table, the better able we are to address transportation concerns in the Valley. Now is the perfect time to attend as you can influence our 5-Year Transportation Plan and funding ideas.

How to join the Snoqualmie Valley Transportation Coalition:

- Contact M'Liss Moon to be added to the distribution list (where we send updates on meetings, coalition, activities, and resources).
- Attend our next coalition meeting on **Friday June 14th, 2019 from 10:30am-12:00pm at the Carnation Library**. Conference call options also available for people who can't attend in-person.

How to contact us: M'Liss Moon at 425-943-6753 or mlmoon@hopelink.org
