COMMENTS FROM ZOOM CHAT ROOM
From Alegria, Marissa <Marissa.Alegria@kingcounty.gov
- King County - Equity Impact Awareness Tool
- In response to community concerns, the Office of Equity and Social Justice partnered with Headwater People to create an Equity Impact Awareness Tool to guide and support King County Facilities and Maintenance Division and Real Estate Services as they are reviewing and recommending potential sites for COVID-19 Quarantine and recovery. The intention of this tool is to ensure King County decision makers are aware of the potential for significant impact to communities of color who are least likely to recover from the COVID-19 health and economic crisis. The Equity Impact Awareness Tool was developed in response to the COVID-19 crisis and should not replace Equity Impact Review tools that include more inclusive community engagement processes.
